1. Online Kick of meeting
2. Research and analysis
3. Online National Seminars
4. International Workshop
5. E-platform
6. International Webinar on the results of the project
7. Dissemination activities

## DURATION

20 months starting from October 2022.

## MAIN OBJECTIVE

The AGRI – EW project's central objective is to enhance participatory procedures in the agricultural sector, which will result in sharing best transnational practices among social partners. The project's general objective is to facilitate workers' engagement in decision making to adapt to the new challenges brought by COVID-19 in the work organization via information, consultation and participation mechanisms and promote the implementation of the European Green Deal. Besides, the project aims to guarantee the better application of EU law (set of Directives) on employee participation in the agriculture sector. The project responds to the EC's action plan to support the full implementation of the European Pillar of Social Rights and make sure that no one is left behind in Europe's recovery after the COVID-19 crisis.

The action is promoted by a consortium consisting of organizations, workers' representatives, employers coming from 5 EU Member States (Italy, Poland, Spain, Slovenia, Romania) and two candidate countries (North Macedonia, Serbia).

## BENEFICIARY

## IMPLEMENTATION

The AGRI – EW project events will be conducted in hybrid regime – some in online format and some in face-to-face format. Kick-off Meeting, International Webinar, National trainings, International workshop in Krakow. Online National Seminars in all 7 participant countries.

## THE SPECIFIC OBJECTIVES OF THE ACTION ARE AS FOLLOWS

1. To facilitate the transnational exchanges and spread the knowledge with regard to the emergence of the new forms of work organization caused by COVID-19 in agricultural sector before the end of the project by bringing the social partners from 7 project countries (Italy, Poland, Spain, North Macedonia, Slovenia, Serbia, Romania) together for peer-learning and knowledge transfer;
2. To support/enable employee and employers' organizations representatives to engage at company level by the end of the project duration through development of national case- studies on workers' engagement tailored to 7 participant countries from different regions of Europe;
3. To build the capacity of the social partners to realize their right to information, consultation and participation, familiarize them with the relevant EU legislation (and addressing the "fitness checks") and support peer learning on these issues by the delivery before the end of the project Online National Seminars and comprehensive E-platform on workers' participation in agriculture sector, Manual for "Empowering Workers for a Better Information, Consultation and Participation in Agriculture Sector"
4. To raise the awareness by diffusing the created knowledge, project results, outcomes, outputs the information about the workers' participation and relevant EU legislation in all participant countries using various dissemination tools, techniques and implementation of the International Webinar, preparation of the Video Guidelines, publication of the articles, etc.
